The Beautiful Blue Danube on a Destructive Bender.

Progress of the Financial Crisis in the Old World.

A Number of Heavy Failures Reported To-day.

Important Meeting of the English Erie Railway Shareholders.

THE FINANCIAL CRISIS. HEAVY FAILURES.

London, May 20.—R. G. Threlfall, cotton manufacturer, Preston, has failed. Liabilities, \$36,000.

C. M. Esnuth, iron monger at Middleborough, has failed. Liabilities, \$26,000.

Lolly, Solbe & Co., merchants in the Spanish trade, East Cheape, E. C., have failed.

W. Polak & Co. and Symonds & Co., both of Rotterdam, have failed in consequence of the failure of the Afrikanische Handels-Vereeniging.

The liabilities of the latter will fall heavily on the Meiningen Bank, the Darmstadt Bank, and the Bank of Rotterdam.

ATTEMPTED SUICIDE.

One of the directors of the Afrikanischen Handels-Vereeniging attempted to commit suicide at Antwerp. He is now under surveillance at the hospital, as it is expected his extradition will be demanded.

PIED TO SPAIN.

Another director of the same company fled to Spain with his family. The latter, whose name is Pincoffer, was a man of great commercial and financial influence. He was a member of the first chamber, and one of the leaders of the liberal party.

GREAT BRITAIN. ERIC RAILWAY.

London, May 20.—The bondholders and shareholders of the Erie Railway Company to-day received the report of the reconstruction trustees up to Sept. 30, 1878.

Resolutions were unanimously adopted approving the reports and accounts; also expressing the satisfaction of the English proprietors that a large interest in the company's bonds and stock is being taken by

American holders, and from whom the meeting trusts the board may be gradually strengthened by the addition of a high class of business men having substantial holding in the road.

There was no dissent from the generally favorable view taken by the trustees of the present condition of the property. Sir Edward Walkin and various speakers expressed their friendliness to ward the arrangement with the Atlantic and Great Western Railroad Company, if it can be made without prejudice.

AQUATIC.

London, May 20.—Plaisid is at New Castle to arrange a match with Nicholson.

Wallace Ross is unable to obtain an opponent in England and has started for America to participate in the summer regattas. He also hopes to make a match with Courtney or Rielley. He promises to return to England in the autumn, when he may try for the championship.

Hanlon has returned to Southwicks and will resume his training to-day. He is still the favorite. One hundred to fifty was taken on him Monday.

THE TURF.

London, May 20.—The great northern handicap race to-day at the York Springs meeting was won by Castle-rough; Tenter Gate second and Knight Templar third.

THE DANUBE.

A TERRIBLE FLOOD.

London, May 20.—A correspondent who has just traversed the Danube from Gurg to Buda Pesth telegraphs:

The Danube is very high. A short distance above Buda, where the Austrian shore becomes low and flat, the flood extends back the distance inland between this point and Belgrade river from five to fifteen miles.

At Belgrade it is fully twenty miles wide. Nearly all the Austrian villages between Pesth and Buda have water in the streets. River side inhabitants informed me that the water is already within two feet of the highest point recorded, and is still rising.

The floods continuing so late in the season must cause great damage to the crops. All grain and other growing produce in Roumania, Bulgaria, Austria, and Hungary are not within reach of the high water, and are looking fine and promising bountiful harvests.

GERMANY. RESIGNED.

Berlin, May 20.—In parliament, to-day, the vice-president read a letter from Von Forekenbeck announcing his resignation of the presidency of the house, on the ground of ill health and antagonism between his own views and those of a majority of the Reichstag, as he foreshadowed at the dinner of the free trade representatives on the 18th instant.

THE EAST.

EASTERN ROUMANIAN AFFAIRS.

Vienna, May 20.—Negotiations for the transfer of the administration of Eastern Roumania to Governor Alika Pasha have been satisfactorily concluded. Russia has promised that as soon as Alika Pasha arrives in Philippopolis General St. Alperie will remove the Russian headquarters elsewhere.

SOUTH AMERICA.

THE PERU-CHILI WAR.

London, May 20.—Peruvian advices, official and otherwise, contradict the Valparaiso telegram about the progress of the war, and call attention to the fact that Chili has control of communications. The news therefore is necessarily unreliable.

FRANCE.

A CANAL.

Paris, May 20.—The Republique Francaise pronounces the statement that Ministers Waddington and Lepere cannot remain in the same cabinet an ideal invention.

Presbyterian General Assembly.

Saratoga, May 20.—The first business before the Presbyterian general assembly was the reading of the report of the board of home missions, which shows that there are 1,202 missionaries engaged in the work, all of whom have prosecuted their labors with marked success. During the past year, ten missionaries died, 1,002 ministers preached at stated intervals in not less than 3,500 places in 1878, and 90 organized 264 Sunday schools, and now have under their care 11,881 pupils. Many revivals have been enjoyed.

The board reports the organization of 156 churches, an increase in membership of 10,872, of whom 4,693 were by letter, and 6,719 on probation of faith. Financially the year has been one of hardship to contributors and missionaries. The long continued financial distress in this country had led to widespread discouragement. The receipts, while 25 percent less than the amount called for, were \$17,366 in excess of 1877 and 1878.

Ann Packer's Funeral.

Mauch Chunk, May 20.—The funeral of Ann Packer took place to-day. The ceremonies were of the simplest kind. All business places were closed and flags at half mast.

WASHINGTON.

To-day's Proceedings in Both Houses of Congress.

Important Action of the Ways and Means Committee.

TO BE Laid OVER.

Washington, May 20.—The ways and means committee to-day, after passing upon two bills of a private nature and discussing without result propositions relative to the duty on quinine, indefinitely postponed the resolution introduced by Chairman Wood regarding the adjournment of the session. The committee then, after discussion, agreed to the following resolution.

Resolved, that this committee will not consider, at this session, any bills or joint resolutions affecting the revenue, and that all such measures shall be laid over until the regular session in December.

The motion to reconsider was laid on the table.

INDIAN AFFAIRS.

The house committee on Indian affairs have agreed to report favorably Gen. Hooker's provision, referring to the court of claimant questions of defense arising out of treaties and stipulations with the Choctaw nation.

CONGRESS. SENATE.

Washington, May 20.—Mr. McDonald asked leave to introduce a bill authorizing the president to employ the militia and land and naval forces of the United States to enforce the laws whenever their execution be obstructed by combinations too powerful to be suppressed by the judicial authorities, etc., and preventing the military from being used as a posse comitatus except in cases as authorized by the constitution and laws. Mr. Edmunds objected, and Mr. McDonald then withdrew the bill and gave notice that he should ask leave to introduce it to-morrow.

Consideration of the legislative, executive and judicial appropriation bill was then resumed.

HOUSE.

The business of the morning hour was the bill to amend the laws relating to the transfer of cases from state to federal courts, and Mr. Turner concluded his argument against it.

Mr. Fry moved to lay the bill on the table.

The motion was defeated—yeas, 98; nays, 112. The vote was a strict party one, with the exception of Conger, who voted in the negative for the purpose of moving a reconsideration. Of the greenbackers Jones, Ladd and Ford voted in the affirmative, and Lowe, Murch, Stevenson, Weaver, De La Matyr and Gillett in the negative.

The house then, on motion to reconsider, the yeas and nays being demanded on the republican side for the purpose of continuing the morning hour, resulted, yeas 117, nays 97.

Consideration was then resumed of the Warner silver bill, the question being on the 20th section, allowing the deposit of bullion at the mints and its being coined for the benefit of the owner.

Mr. Conger moved to lay the section on the table. Defeated; yeas, 112; nays, 116. The effect of the adoption of the motion would have been to kill the bill.

CRIME & CASUALTY.

Col. Grosbeck's Body Found in the North River To-day.

Buford, the Murderer.—A Destructive Fire.—Heavy Sentence.

BUFFALO, THE JUDGE SLAYER.

Frankfort, Ky., May 20.—Thomas Buford was brought from Louisville on the train this morning. Court convened at 10 o'clock. Judge McNamara on the bench. Geo. M. Curtis, for the defense, made an argument for a change of venue, which was granted. Owen county was fixed upon as the place for trial, the court to convene there July 18th.

BURNED TO THE WATER'S EDGE.

New York, May 20.—The Italian bark Amalfi, which cleared at this port Saturday for Barcelona, with a cargo of 2,200 barrels of refined petroleum, burned to the water's edge this morning and sank at her anchorage off Staten Island. Loss, \$30,000; insured abroad. Crew saved.

HEAVY SENTENCE.

John Flynn, associated with Davy the Kid in the robbery of the diamond earring from the lady walking on Fifth avenue, was sentenced to 18 years in state's prison.

ACQUITTED.

Galveston, May 20.—Capt. Lincoln, who killed the mutineer soldier, has been acquitted after a trial.

COL. GROSBECK'S BODY FOUND.

New York, May 20.—A body found in the north river to-day has been identified as that of Col. Grosbeck.

A Grand Rush.

New York, May 20.—The rush of women and children to purchase \$10 refunding certificates at the post-office to-day was greater than at any previous day. They stood in line three deep. The men's lines were nearly as long and much more orderly. There are frequent quarrels between the women and a posse of policemen was necessary.

Louisville Races.

Louisville, May 20.—The first race, mile and a quarter, resulted in a dead heat between Fortune and Glenmore,

Keen Richard third. Ten started—Essellish, Fortune, Glenmore, Dun-kirk, Mary R. and the field consisting of Conn. Signal, Mollie, McHinter, Keen, Richards and Douglass. The race was beautifully contested. Time, 2:10.

Congressional Summary.
Monday, May 19.—SENATE.—The legislative, executive and judicial appropriation bill was again taken up for consideration. A communication was received from the secretary of the treasury in response to a resolution of inquiry stating that there has been redemption in coin since January 1st, 1879, legal tender notes to the amount of \$4,133,535. The coin reserve in the treasury is \$18,000,000, about 40 percent of the notes outstanding to be redeemed. Messrs. Blaine, Bayard and Teller then discussed the appropriation bill. HOUSE.—The house was not in session today.

DAVID DAVIS is beginning to be formidable as a presidential candidate.

The Montezuma Era christens our fraudulent president "Radical Bayonet HAYES." A very good name.

Up in Michigan they are trying to make ZACH CHANDLER boom as a presidential candidate, but somehow it don't work.

JOHN SHERMAN is playing his cards adroitly for the presidential stake. He will crowd GRANT closely for the Republican nomination.

MR. HAYES is now completely under stalwart influence, and is prepared to veto anything on the command of the CHANDLER crowd.

A popular vote has just been cast in Switzerland, to determine whether capital punishment shall be restored. The election was a close one, but resulted in a majority for capital punishment. This is a step backward by the Swiss republic.

THE Evansville Tribune gravely announces that the southern part of the state will not press Wm. HEILMAN for the republican gubernatorial nomination. Of course not. His chances of being re-elected to congress, poor as they are, are better than the chances of the republicans carrying the state next year.

OUR cablegrams show the condition of affairs in India to be terrible beyond description. Pestilence and famine are stalking through the land, and armed bands of robbers are traversing the country, plundering the rich and the poor alike, and committing all kinds of depredations. Murder and rapine are running riot, and the government seems powerless to restore order. The situation is very threatening, and the English government is much alarmed.

As will be seen from the advertisement, published elsewhere, the Masonic Temple and Opera House is now an assured success. The required amount of stock has been subscribed and the association now starts out upon the work with the real estate paid for and a cash fund of \$33,000. Proposals are invited up to the 31st inst, and the building is to be enclosed by the 1st of December. The cost of the opera house, complete, will be between \$45,000 and \$60,000. A responsible party has already offered \$2,500, per year rent for the opera house proper for five years, which ensures a good interest on the investment. We feel like congratulating our people upon the assured success of an enterprise, the completion of which will mark the transition of Fort Wayne from the condition of an overgrown village to that of a wide awake, live city.

Rich Men Who Haven't a Cent.
(Ithica Journal.)

Mr. Cyrus W. Field, who is reported to have made \$750,000 by transactions in elevated railroad stock in New York, was recently assessed \$100,000

personal property. The New York Times of Sunday says that the previous day Mr. Field appeared before the tax commissioners and made affidavit he had no personal property subject to taxation. There are a great many poor rich men in the metropolis.

STATE NEWS.

The Terre Haute governor's guards are to visit Indianapolis next Sunday. Two large stores were burned at Osgood last Sunday morning. Loss, about \$30,000.

The Shaw Carriage Works at Indianapolis are quite seriously embarrassed financially.

The recent enumeration gives Cass county 9,887 school children, of which number Logansport has 4,067.

Hon. Anson Wolcott, a well known political economist, has removed to Logansport, where he will practice law.

According to the Journal of the grass-grown town of Crawfordsville, a mail sailed into a hardware store and dropped into the pipe-hole of a stove called the "Early Bird."

The Steubenville Herald says church choirs hardly ever have a chance to worship the Lord or hear a sermon, because they devote all their time to looking up the next hymn. Spell it him and you'll hit it exactly.

For saying that "Eclectics are a boasting, bragging, ignorant, careless, quackish set of jackasses, a rule," Dr. Taylor, of Crawfordsville, was expelled from the State Eclectic Association, at Indianapolis, the other day.

While engineer George Barnhart, of the I. C. & L. R. R., was oiling the machinery about the engine, Friday morning, a boy in the cab turned on the steam, causing Mr. Barnhart to lose a thumb between some revolving cog.

Terre Haute is about to have an interesting breach of promise case as Miss Jennie B. Reede claims \$25,000 damages from Thomas P. Murray (aged 65) for her broken heart. The defendant avows his intention to resist while life lasts.

Two Indianapolis horses, now in training at Piqua, O., are expected to make a brilliant showing this season. They are Mark Hare's stallions "Mambrino" and "Tranby." Under the guidance of Capt. Boyce the former made a record of 2:26 last year, and it is said can trot better than '20 if necessary. Tranby has no record, but is pronounced by horsemen who know them both to be speedier than his stable companion. Both horses are to be at the Tippecanoe County Fair.

FASHION NOTES.

Yellow crape veils are the most fashionable. Bronze ribs are seen in some of the new parasols.

The most stylish parasols have light wooden handles.

Foulard silks are having a great run this summer.

Polka dots and fancy striped parasols are fashionable.

Dolly Varden silks are much used for trimming dresses.

Cut-steel appears extensively in trimmings this season.

Invisible striped and checked canes hair cloth is much used.

Ladies now carry on their arms small bags made of the material of the dress.

Colored silk corsages, worn with white dresses, will be a favorite style this summer.

Authorities say that the fan is no longer to be attached to the waist, but carried in the hand.

Nearly all gloves worn with evening dresses are finished at the top with a plaiting of lace or tulle.

Feather fans mounted on carved tortoise-shell sticks, will be among the elegant novelties this season.

Where fancy colored silks or woolen goods are used for trimming plain materials, it is put on in bands cut straight across the cloth instead of on the bias.

Where the Reduction Falls.
(Lafayette Journal.)

It is reported that H. J. Jewett, president of the Erie Railway, has a salary of \$40,000 a year; Tom Scott, president of seven railroads, draws a salary of \$100,000—\$24,000 from the Pennsylvania road alone; J. W. Garrett, president of the Baltimore and Ohio, has a nominal salary of \$4,000 a year. There are to-day fifteen general managers of railways in the United States, whose salaries run from \$10,000 to \$15,000, nine general superintendents with a salary of \$7,000 to \$10,000 yearly, and a number of officers in the same rank who receive over \$8,000. When a reduction of salaries is made, it falls upon the engineers, firemen, brakemen and others, who fill positions of danger, or are required to do hard work. The well paid officials must stand a reduction of their immense salaries, in stead of the faithful men whose pay is little enough at best.

The Untamed Kernal.
(St. Louis Republican.)

Will Kernan, of the Okolona Southern States, is no slouch as a rhyme singer. Listen to the following timber-jointed stanza from one of his latest lyrics:

While high through blinding cannon smoke the southern cross upflung
His blazing folds, more terrible than battle-flag of Thor—
While round red-throated rifles, and the sabres flashed and swung
To the wild, magnetic music of the thunder drums of war.

A Neat, Newswy Sheet.
(Toledo Bee.)

The Fort Wayne SENTINEL, under the management of W. R. Nelson and S. E. Morris, is a neat, newswy sheet, and merits the success it is winning.

The Weekly "Sentinel."
(Kendallville News.)

The Ft. Wayne SENTINEL comes out in a quarto form and presents a very neat appearance.

The best is the cheapest. Dr. Bull's Baby Syrup is acknowledged to be the safest and most reliable medicine for babies. Price 25 cents.

A STRANGE STORY.

An Abandoned Wife Residing for Many Years in the Same House with Her Traumat Husband and His Paramour.
(Special Dispatch to Cincinnati Enquirer.)

Vincennes, May 15.—At this particular time our neighboring county of Sullivan reveals in a decided sensation, the particulars of which render it one of the most disgusting affairs that has ever come to light in southern Indiana. The knowledge that this crime was on the eve of exposure fully justifies Dr. Baldrige's action in joining the vast horde of carpet-baggers with which this country is afflicted.

For twenty-five years has Dr. John H. Baldrige resided in Jackson township, Sullivan county, where he has been held in the highest estimation by his fellow men. His practice was extensive, besides which he took an active interest in religious matters and was one of the pillars of the Presbyterian church.

The story, as it has been given to the public, makes known the alleged fact that the woman who for twenty-five years had passed for his wife, was not legally such. When a young man, Dr. Baldrige married a young and beautiful girl in one of the quiet little villages of Ohio. It was on the occasion of one of this wife's periods of confinement that the woman, who subsequently usurped her name and position, was called upon to act in the capacity of nurse. Constant association with the doctor's affections from his lawful wife, and ere long their relations were detected by the invalid, who forthwith entered objections to the proceedings. The nurse was summarily dismissed, but the infatuated man deserted his sick wife and came straightway to Sullivan county, where he has since resided with his mistress.

For more than ten years the lawful wife pursued her pathway through life unaided by her perfidious husband. At last, becoming needy, she wrote him for assistance. Fearing an exposure, Dr. Baldrige soon made arrangements to forever after keep her from him. After considerable negotiating, it was agreed that Mrs. Baldrige should remove to Sullivan county and take up her residence in her husband's house, passing herself off as a relic of his deceased brother. The plan worked well, so far as outside appearances would indicate, and the wife was installed as companion to the woman who unlawfully bore her name and held her position.

A few years afterward, probably ten years ago, Mrs. Baldrige, the supposed widow, was wooed and won by Mr. T. F. Curry, a well-known citizen and neighbor, who had but a few months previous lost his wife by death. Curry died a year ago, and it is supposed, was ignorant of the relations his wife bore to another man. There were no children by this marriage, although several were born by Mrs. Curry the first.

By his mistress Baldrige had several children, and when he ran away from Ohio he took with him one or two whom he had torn from the arms of their unfortunate mother. Mrs. Curry inherits the estate of her deceased husband, but her step-children will contest the inheritance on the ground that she was not a lawful wife.

The fear that officers were after him so worked on Baldrige, that he packed his valise and left for parts unknown.

Persons living in unhealthy localities may avoid all bilious attacks by taking a dose of Dr. Bull's Baltimore Pills occasionally to keep the liver in a healthy action. Price only 25 cents. At all druggists.

SHE RAN AWAY.
But the Old Man Went After Her and Brought Her Back—She Would Die First, and Then She Wouldn't.

The Toledo Commercial furnishes the following concerning three individuals hailing from this city:

Saturday evening a young couple arrived at one of our city hotels. Yesterday morning an old man made his appearance. There was a private interview between the parties, and things did not appear altogether harmonious. The girl said she never would, no, she would die first! but just what it was that she never would do and would prefer dying rather than do it, was not heard, but the presumption is that she referred to going back with the old man. Nevertheless she went all the same. It was at first supposed that the old man was the father of the girl and that the young man had stolen her away from him, but later developments indicate that she is his wife. They are said to live in Fort Wayne, and on the whole are a hard set. It is not the first time she has given the old man the slip and run away with her more youthful lover. He, dotard like, each time follows her, and by threats and promises brings her back. She is good looking and very attractive in appearance, but her general "get up" stamps her as a very bad specimen of the gentle sex. The young man, who registered his name as D. T. Hollis, which is said to be fictitious, took the affair philosophically, and when the girl left with the old man, said he was sorry to give her up, but he got to be a degenerate scion of a good family in Fort Wayne. He did not return to Fort Wayne, but said he would go to Chicago and get on a "bust."

Betrayed and Murdered.
A Paducah (Ky.) special to the Louisville Courier-Journal of the 14th says: Two years ago, a man named Don Edmunds, residing in Livingston county, ran off to Arkansas with a neighbor's daughter, leaving a wife and family behind. A short time ago he started back to his former home with the woman and a child, and when near the Mississippi River he killed and buried both. On returning he took up with his lawful wife. The bodies of his victims were found and

identified, and search was instituted for Edmunds. Yesterday an officer arrived from Arkansas, arrested and took him back to the scene of his crimes.

TERRIBLE SCANDAL.

A High-Toned Brute Seduces His Cousin, the Wife of His Business Partner and the Daughter of the Man who Started Him in Business.
(Indianapolis Sentinel Louisville Special.)

The most distressing scandal that has occurred in this city for many years has just found its way to the public. Carson, Bowman & Co. are leading, financially, substantial and high-toned wholesale grocers on mercantile aristocratic Main street. E. Stanley Bowman and Wm. H. Tomlinson are members of the firm, Bowman being furnished the capital to enter it by Tomlinson's father. Tomlinson, three years ago, married Miss Jessie Buckner, of Mississippi, but educated by a wealthy relative at Harrodsburg, Ky., a member of an old and aristocratic family. Stanley Bowman was her full-blood cousin. All the parties moved in the very highest circles of Louisville and Central Kentucky society.

It will be four weeks next Tuesday since Stanley Bowman, in the absence of Mr. Tomlinson from home, drove to the house of the latter and urged Mrs. Tomlinson to take a buggy ride with him, which she consented to do. Before going to Tomlinson's house Bowman had placed in the buggy a supply of champagne and whisky today, and went to the house with the intention of ruining the lady. The woman tells the story as follows:

They left Louisville and drove to New Albany. There they lingered but briefly, after which they drove down the turnpike to Corydon, where they stayed a short time. On the road she was induced by Bowman to drink several small glasses of champagne. These made her dizzy, of which she complained, when Bowman told her whisky today would neutralize the effects of the wine and restore her to a normal condition. She drank the proffered toddy, became still more intoxicated, and at 9 o'clock that night she returned to her husband, a debauched, ruined wife. In the toils of the adversary, she was moulded to his lustful purposes, and met him several times after the Corydon trip at assignment houses.

The husband, tortured by his suspicions that his wife was sinning deeply, set a disguised relative as a detective upon her acts. The evidence of her guilt was secured beyond question, and in her despair the wretched woman confessed all. The husband would have slain the destroyer of his peace, but was prevented by his (the husband's) father, who kept constantly with him to save him from the murderer's guilt. Friday last Mrs. Tomlinson was sent to her relatives in Mississippi, her husband retaining possession of her only child. Mr. Tomlinson will immediately apply for a divorce, and Bowman will be compelled to leave the firm. The seducer has a wife and several children, which, considering the manner in which he compassed the ruin of his victim, renders his crime one of the darkest of its kind. No social calamity that ever occurred in this wicked city has caused a greater excitement, particularly in the higher and best circles of society.

IT IS WELL KNOWN.

Many grocers sell Dr. Price's Cream Baking Powder at the same price of the cheaper kinds, and as they pay more for it; make less money; hence, they never sell it unless the purchaser demands it. Pure articles cannot be made as cheap as those that are adulterated.

A SENSATIONAL MARRIAGE.

A White Lady, Late of Mishawaka, Married to a Negro.

The Mishawaka Enterprise says that Miss Sarah E. Stanley, who so suddenly jumped into notoriety by marrying A. H. Grimke, a wealthy negro lawyer, of Boston, is the daughter of Rev. M. C. Stanley, a gentleman well known in that part of the state. Mr. Stanley was lately pastor of the Saint Paul's Episcopal church at Mishawaka and is now filling the Episcopal pulpits at Elkhart and Bristol. Grimke is a graduate of Lincoln University, Pennsylvania, and also of the Harvard school. The Enterprise says Miss Stanley, as remembered at Mishawaka was "a frail, delicate, good looking young lady of a high order of intellect, and exceedingly well bred." It also says the pair have the friendship of persons in the best ranks of Boston society.

45 Years Before the Public.

THE GENUINE
DR. C. McLANE'S

LIVER PILLS

FOR THE CURE OF

Hepatitis, or Liver Complaint,

DYSPEPSIA AND SICK HEADACHE.

Symptoms of a Diseased Liver.

PAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are constipated, sometimes alternating with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that he can do nothing for himself, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the liver to have been extensively deranged.

AGUE AND FEVER.

DR. C. McLANE'S LIVER PILLS, IN CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL.

For all bilious derangements, and as a simple purgative, they are unequalled.

BEWARE OF IMITATIONS.

The genuine are never sugar coated. Every box has a red wax seal on the lid, with the impression DR. McLANE'S LIVER PILLS. The genuine McLANE'S LIVER PILLS bear the signatures of C. McLANE and FLEMING BROS. on the wrappers. Insist upon having the genuine DR. C. McLANE'S LIVER PILLS, prepared by Fleming Bros., of Pittsburgh, Pa., the market being full of imitations of the name McLANE, spelled differently but same pronunciation.

TUTT'S PILLS!

A NOTED DIVINE SAYS

THEY ARE WORTH THEIR

WEIGHT IN GOLD

READ WHAT HE SAYS:

Dr. TUTT—Dear Sir: For ten years I have been a martyr to Dyspepsia, Constipation and Piles. Last Spring your Pills were recommended to me; I used them (but with little faith). I am now a well man, have good appetite, digestion perfect, regular stools, piles gone, and I have gained forty pounds solid flesh. They are worth their weight in gold.

Rev. R. L. SIMPSON, Louisville, Ky.

A TORPID LIVER

is the fruitful source of many diseases, such as Dyspepsia, Sick Headache, Constipation, Dropsy, Bilious Fever, Ague and Fever, Jaundice, Piles, Rheumatism, Kidney Complaint, Colic, etc. TUTT'S PILLS exert a powerful influence on the liver, and will relieve that important organ from disease, and restore its normal functions.

The rapidity with which persons take on flesh, while under the influence of these pills, of itself indicates their adaptability to nourish the body, hence their efficacy in curing nervous debility, dyspepsia, wasting of the muscles, sluggishness of the liver, chronic constipation, and imparting health and strength to the system.

CONSTIPATION.

Only with regularity of the bowels can perfect health be enjoyed. When the constipation is recent, a single dose of TUTT'S PILLS will suffice, but if it has become habitual, one pill should be taken every night, gradually increasing the frequency of the dose until a regular daily movement is obtained, which will soon follow.

LAST NIGHT'S DISPATCHES.

BISMARCK'S LEVEE.

Berlin, May 20.—Prince Bismarck's parliamentary soiree Saturday was less numerous attended than on previous occasions the free traders sending but a thin contingent. To the deputies from Alsace-Lorraine, the prince was most affable. The appointment of Gen. Manteuffel as governor of the province, he said, was certain, and a better man for the post could not be found. The chancellor then held forth at great length to the listening deputies on fiscal matters, dwelling upon the pressing necessity for protecting the agriculturalists, especially petty holders, against foreign competition. A wool tax was also sorely needed. If agriculture in Germany were not to be completely destroyed, the duty on beer must be got through.

Berlin, May 19.—The reichstag has approved the Anglo-German treaty for the prevention of the slave trade on the African coast.

In the reichstag to-day, a bill authorizing a provisional levy of new customs duties was referred to the tariff committee, the majority of whom are protectionists. In the debate preceding this action, Herr von Hoffman admitted that the bill involved the violation of constitutional rights, but he hoped the reichstag would make allowance for circumstances. Bismarck, on behalf of national liberty, was willing to assent to the restricted enforcement of the bill for a month. Windthorst opposed it. The reichstag accepted the government proposals in relation to duties on brass, precious metals and furs.

CONFLAGRATION.
London, May 19.—A dispatch from St. Petersburg reports that a great conflagration is raging in Petropavlovsk, Siberia. Several quarters of the town are in flames.

CIVIL BEFORE THE RELIGIOUS.
Rome, May 19.—The chamber of deputies passed a bill making the performance of a civil marriage before the religious ceremony obligatory.

PARDONED.

Paris, May 19.—Leroyer, minister of justice, to-day informed the deputations of radical deputies that the government had decided not to grant amnesty to members of the commune, but simply to pardon them after the 6th of June. Rochefort, Vallis and Blanqui will be thus pardoned, but a simple pardon does not include restoration to civil rights.

CHURCH AND STATE.

Versailles, May 19.—In the chamber of deputies to-day Lockroy, referring to the conduct of the archbishop of Aix, demanded that the payment of the salaries of the rebellious ecclesiastics be withheld, and advocated a separation of the church and state. Lepere, minister of the interior, replied that the members of the cabinet acted in complete accord on Minister Ferry's educational bill. They were determined to oppose clerical encroachments. Should the reports of the speech of the archbishop of Aix and his subsequent pastoral prove correct, he (the archbishop) would be prosecuted.

THE DARIEN SHIP CANAL.

Paris, May 19.—At the isthmus of Darien Canal Congress, to-day, De Lesseps said their labors were progressing rapidly, and would probably be completed on Sunday or Monday. Fontenes read a report stating it would be necessary, in order to secure the permanency of the channel, that six million tons of shipping should pass through it annually. He condemned the idea of erecting locks.

SUICIDE.

Freeport, Ill., May 19.—Dominick Winkler, a German, 52 years of age, yesterday committed suicide by hanging. His body was discovered by some boys in a grove near the city. Despondency, occasioned by want of work and money, is assigned as the cause.

CINCINNATI AND SOUTHERN RAILROAD.

Cincinnati, May 19.—The new company formed to operate the Cincinnati and Southern Railroad, organized to-day under what is known as the Stone Franchise, which it had purchased; elected temporary officers and increased the capital stock to one million dollars, which was all taken at once by the stockholders. It is expected that the transfer from the old company to the new one will be delayed but a few days longer, then a permanent organization will be effected when the new company will assume control of the road.

FIRES.

Detroit, May 19.—This afternoon, while several kettles of turpentine and linseed oil were boiling in the vernal shop of Berry Bros., varnish works in this city, two of the kettles boiled over. The fire was soon extinguished. The superintendent of the works and Martin McMahon were terribly burned. John Theron's whole body is so fearfully burned that recovery is impossible, and a son of Theron was slightly burned. John Baskin was severely though not dangerously injured.

Galesburg, Ill., May 19.—A fire this morning destroyed Willie & Hawkins' livery stable, with seventeen horses and several carriages; shaft's dye works, Moore's barn, and Billings' carpenter shop, adjoining, believed to be the work of incendiaries. Loss, \$45,000.

Pottsville, Pa., May 19.—An extensive fire is raging in the Keystone mine, and very serious results are feared.

SENTENCED.

Indianapolis, May 19.—Judge Gresham to-day sentenced Ed. Stewart, the postoffice robber, to two years in the penitentiary on a plea of guilty. The stolen registered letters contained \$3,000 in money and \$1,900 in negotiable notes.

Yesterday's Lafayette Journal says: A railroad man named McHenry, whose home we learn is in Fort Wayne, had the bad luck to have his leg broken in a single yesterday evening. The annual pew renting will take place one week from to-morrow, at Biddle's drug store. Last evening, after the meeting, the parlors were thrown open and a very pleasant time had by all.

Mr. Byron E. Hattersley, of Logansport, and Miss Eliza Harrison, of this city, were married last evening, at the residence of the bride's father, on Madison street, the Rev. M. C. Crowley, of the Universalist Church, officiating. A small company of relatives and intimate friends were present, and the affair passed off very pleasantly. At 8.30 p. m. the happy couple took the train for Logansport, where they will begin housekeeping at once. A number of very elegant presents were received, the most elaborate of which was a complete silver tea set from an uncle living in Canada.

Words of Praise.

To the Editor of the Sentinel:

I consider it but simple justice to say, independent of the common expression of praise in regard to the marked improvement of the SENTINEL, under the new management, that Saturday evening's paper—having regard to the matter, style and general make up of the paper—has never been equaled in this city. Having been a regular reader of all the papers published here for many years, I am glad to acknowledge such evidences of improvement in that direction.

DAILY READER.

Trying to Baildore 4-Paw.

The Gazette tried to charge Forepaugh four prices for advertising, and as a consequence didn't get any ad at all. The same kind of a scheme was tried last winter with our local managers and didn't work.

In order to get even with Forepaugh now, the Gazette gives a whole column to the following: "Wait for Howe's London Circus, June 20th." This advertisement brings the Gazette nothing and is, in point of fact, untrue, as Howe's will not be here on June 20th.

DRAINING THE PRAIRIE.

The Biggest Ditching Contract Ever Let in the State.

Interesting Information Gleaned From One of the Contractors.

A SENTINEL reporter this morning called upon J. R. Straughan, a member of the firm of Straughan & Lillie, who have secured the contract for draining the Little River valley, the most gigantic contract of the kind ever let in the state of Indiana—the contract price for the performance of the said work amounting to the specifications being \$85,000. The immensity of the scheme may be more fully appreciated when it is known that over 62,000 cubic yards of rock must be blasted and moved on the first four miles of the work. Work upon the ditch will be commenced at once; that is, as soon as the contract and specifications are signed. They are now passing through the mails, and will be returned in a few days.

UP SHE GOES.

The Masonic Temple and Opera House.

Important Meeting Last Evening.

Last evening Messrs. J. H. Bass, S. B. Bond, J. M. Coombs, R. C. Bell and W. W. Fisk, the Masonic Temple building committee, and Messrs. S. B. Sweet, G. D. Crane, J. H. Simonson, W. P. Swinney and Wm. Lynne, the finance committee, met at the Street Railway Company's office for a consultation with reference to advertising for proposals for the building.

The finance committee reported that the required amount of \$10,000 in \$500 subscriptions had been obtained. Messrs. J. B. White and R. C. Bell having put down their names for \$500 each. The committees prepared an advertisement to contractors which will be found elsewhere in to-day's SENTINEL.

The proposals asked for are to furnish all the materials and labor required in the erection and construction of the building. Each proposal is to be accompanied by a preliminary bond of \$5,000. The bids will be received up to 1 p. m. Saturday, May 31st, and the building is to be enclosed by the 1st of next December.

The Measles and the Schools.

A ninth ward parent this morning complained to a SENTINEL reporter that his children had fully recovered from the measles, but had been sent home by the teacher, which he was disposed to regard as very unjust. He said that other children had been sent home under the same circumstances and that there was a good deal of dissatisfaction over the matter. The reporter forthwith interviewed Dr. Irwin, the superintendent of schools, who stated that these children were sent home by his orders. There is grave danger of infection at any time within thirty days after the child has apparently recovered from the measles, and for that reason the doctor thinks these orders necessary to protect the health of the hundreds of children under his charge. It is inconvenient to the few but an advantage to the many. Thus far there has been no trouble from the measles in any ward except the ninth.

Crop Prospects.

A SENTINEL reporter has been engaged in making enquiries concerning the condition of the growing crops in this vicinity and finds the prospects to be very flattering. The acreage of wheat sown is about 20 percent in excess of last year, and the outlook now is for an immense yield, of superior quality. There is an increase of about 25 percent in the acreage of flax seed, and the prospects are A No. 1. The prospects for oats are also flattering. The apple crop will not be more than one-half as large as last year and peaches will be a total failure.

DIDIER DUPLAIN

On Trial for Attempting to Kill His Wife.

A Synopsis of the Evidence.

Yesterday afternoon the trial of Didier Duplein for the attempted murder of his wife near the paper mills on the 15th of last April, the circumstances of which will be recalled by our readers, was begun in the criminal court. The court room was filled with spectators. Some difficulty was experienced in getting a jury but the box was filled with the following twelve good men and true: Wm. Brooks, Jonathan Crow, Frank Gibson, Thomas Clark, Charles Sixby, Simon Baker, John Stier, Henry Bremier, Valentine Myer, Wm. Trease, John Bolan, James Fry.

Prosecuting Attorney Hench and Henry Colerick appear for the state, and Messrs. R. O. Bell and Robert Stratton for the defence. The defendant is a brutal, besotted, stolid-looking specimen of humanity, and appears entirely indifferent to the proceedings about him. Most of the witnesses are French, and an interpreter is required.

The witnesses were separated, and the prosecuting attorney stated the case to the jury.

The first witness called was Catharine Duplein, who was sworn, and stated that the prisoner at the bar was her husband; that on or about the 15th day of last April he came to the house of Louis Rosset, where she was, and called her out; that she did not go, and that the prisoner then caught her by the throat and commenced choking her, and also made an attempt to get his arm into a kitchen safe, in which safe was a butcher knife; that he was prevented from getting said knife by the witness getting hold of his arm, and afterwards of his beard; that she pulled his beard as hard as she could while he choked her with all his might; Old man Reno tried to separate us but couldn't; Duplein then threw me down and put his knees on my breast and held me; some one picked me up. I don't know who, and placed me on a chair; I threw up blood and was in bed for three or four days; once before he came up stairs and got the butcher knife and went to Rosset's. He said he would take my head off once before with a hatchet about eighteen months ago; on the Sunday before Easter he ran me across a field with a knife; I was very sick and thought I should die.

Isaac Reno testified that he tried to separate them on the 15th of April but could not do so. Dr. Anderson testified that he attended Mrs. Duplein and found marks on her throat. Julia Rosset, Peter Rosset, G. Duplein, and Fred Blakely testified, but no new facts were elicited, their testimony for the most part being corroborative.

Louisa Duplein is now on the stand.

as can be expected from the nature of his wound. He is constantly applied to his head in order to reduce the inflammation. The chances for his recovery are considerably better than at first supposed.

M., has arrived in the city, and will spend several months here in gathering the materials and writing the historical matter for the Illustrated History of Allen County, shortly to be published by Kingston Brothers. Mr. Everhart comes to us with the highest endorsements as a gentleman and a scholar.

THE RAILROADS.

The Wabash trains are all on time.

C. D. Gorham went to Chicago this afternoon.

Passenger travel on the Wabash is not so heavy as usual.

The business men of Detroit propose to raise \$100,000 to aid in the extension of the Wabash road from Toledo to that city.

A number of emigrant tickets to Dennison, Texas, via Wabash Railroad were stolen from the Detroit office, a few days ago.

The Pittsburgh, Fort Wayne and Chicago Railroad are filling and grading a new side track at Detroit, Mich., which when completed will be one and one-half miles in length. It is an improvement which has long been needed and will be a great advantage in the movement of trains. A similar track is being laid at Van Wert, O.

The Wabash ticket office and freight office have been connected by one of Holcomb's patent telephones. These telephones are the most simple we have ever seen and for short lines give excellent satisfaction. "Yankee Doodle" was performed in the ticket office by S. E. Swick, and the stenographer in the freight office drank in the sweet tones with eminent satisfaction.

A Great Nuisance.

There are too many building materials scattered and piled about our streets. It is certainly an unbecoming feature that the marks of improvements are so visible in our city, yet it appears that more suitable places might be found for the location of mortar beds, lumber piles, brick piles, etc., than in our most traveled thoroughfares, inasmuch as many of the said obstructions extend over half the width of the street, and with a few exceptions are at night unmarked by any light or other cautionary display, and are therefore an object of some danger as well as inconvenience to the traveling public. A few words from the proper official might have a salutary effect in lessening the evil if it cannot be entirely abated.

Suit for Damages.

In the superior court, to-day, Chas. A. Hays sued Matthias Glynn for \$1,000 damages for assault and battery and false imprisonment. In the complaint the plaintiff says that on the 15th of May defendant unlawfully took hold of him in a public street, and forced him into a livery stable, and detained him over an hour, whereby he suffered great bodily and mental anguish, and greatly to the injury of his credit.

Meteorological.

Washington, May 20.—Indications: For Tennessee and Ohio valley falling probably followed by rising; barometer and variable winds, followed by cooler, partly cloudy weather and occasional rains. For lower lake region, falling barometer, winds mostly from south, cloudiness and local rains, probably followed to-night by rising barometer and winds veering to west or northwest.

The Measles and the Schools.
A ninth ward parent this morning complained to a SENTINEL reporter that his children had fully recovered from the measles, but had been sent home by the teacher, which he was disposed to regard as very unjust. He said that other children had been sent home under the same circumstances and that there was a good deal of dissatisfaction over the matter. The reporter forthwith interviewed Dr. Irwin, the superintendent of schools, who stated that these children were sent home by his orders. There is grave danger of infection at any time within thirty days after the child has apparently recovered from the measles, and for that reason the doctor thinks these orders necessary to protect the health of the hundreds of children under his charge. It is inconvenient to the few but an advantage to the many. Thus far there has been no trouble from the measles in any ward except the ninth.

Crop Prospects.
A SENTINEL reporter has been engaged in making enquiries concerning the condition of the growing crops in this vicinity and finds the prospects to be very flattering. The acreage of wheat sown is about 20 percent in excess of last year, and the outlook now is for an immense yield, of superior quality. There is an increase of about 25 percent in the acreage of flax seed, and the prospects are a No. 1. The prospects for oats are also flattering. The apple crop will not be more than one-half as large as last year and peaches will be a total failure.

DIDIER DUPLAIN

On Trial for Attempting to Kill His Wife.

A Synopsis of the Evidence.

Yesterday afternoon the trial of Didier Duplein for the attempted murder of his wife near the paper mills on the 15th of last April, the circumstances of which will be recalled by our readers, was begun in the criminal court. The court room was filled with spectators. Some difficulty was experienced in getting a jury but the box was filled with the following twelve good men and true: Wm. Brooks, Jonathan Crow, Frank Gibson, Thomas Clark, Charles Sixty, Simon Baker, John Stier, Henry Breymier, Valentine Myer, Wm. Trease, John Bolan, James Fry.

Prosecuting Attorney Hench and Henry Colerick appear for the state, and Messrs. R. C. Bell and Robert Stratton for the defence. The defendant is a brutal, besotted, stolid-looking specimen of humanity, and appears entirely indifferent to the proceedings about him. Most of the witnesses are French, and an interpreter is required. The witnesses were separated, and the prosecuting attorney stated the case to the jury.

The first witness called was Catharine Duplein, who was sworn, and stated that the prisoner at the bar was her husband; that on or about the 15th day of last April he came to the house of Louis Rossetol, where she was, and called her out; that she did not go, and that the prisoner then caught her by the throat and commenced choking her, and also made an attempt to get his arm into a kitchen safe, in which safe was a butcher knife; that he was prevented from getting hold of his arm, and afterwards of his beard; that she pulled his beard as hard as she could while he choked her with all his might; Old man Reno tried to separate us but couldn't; Duplein then threw me down and put his knees on my breast and held me; some one picked me up, I don't know who, and placed me on a chair; I threw up blood and was in bed for three or four days; once before he came up stairs and got the butcher knife and went to Rossetol's. He said he would take my head off once before with a hatchet about eighteen months ago, on the Sunday before Easter he ran me across a field with a knife. I was very sick and thought I should die.

Isaac Reno testified that he tried to separate them on the 13th of April but could not do so.
Dr. Anderson testified that he attended Mrs. Duplein and found marks on her throat.
Julia Rossetol, Peter Rossetol, G. Duplein, and Fred Blakely testified, but no new facts were elicited, their testimony for the most part being corroborative.
Louis Duplein is now on the stand.

Marlain Golden, the young man who was so seriously injured at Old's spoke factory yesterday, is doing as well

as can be expected from the nature of his wound. Ice is constantly applied to his head in order to reduce the inflammation. The chances for his recovery are considerably better than at first supposed.

M., has arrived to the city, and will spend several months here in gathering the materials and writing the historical matter for the illustrated History of Allen County, shortly to be published by Kingman Brothers. Mr. Everhart comes to us with the highest endorsements as a gentleman and a scholar.

THE RAILROADS.

The Wabash trains are all on time. C. D. Gorham went to Chicago this afternoon.
Passenger travel on the Wabash is not so heavy as usual.

The business men of Detroit propose to raise \$100,000 aid in the extension of the Wabash road from Toledo to that city.

A number of emigrant tickets to Dennison, Texas, via Wabash Railroad were stolen from the Detroit office, a few days ago.

The Pittsburgh, Fort Wayne and Chicago Railroad are filling and grading a new side track at Columbia City, which, when completed, will be one and one-half miles in length. It is an improvement which has long been needed and will be a great advantage in the movement of trains. A similar track is being laid at Van Wert, O.

The Wabash ticket office and freight office have been connected by one of Holcomb's patent telephones. These telephones are the most simple we have ever seen and for short lines give excellent satisfaction. "Yankee Doodle" was performed in the ticket office by S. B. Sweet, and the SENTINEL reporter in the freight office drank in the sweet tones with eminent satisfaction.

A Great Nuisance.
There are too many building materials scattered and piled about our streets. It is certainly an encouraging feature that the marks of improvements are so visible in our city, yet it appears that more suitable places might be found for the location of mortar beds, lumber piles, brick piles, etc., than in our most traveled thoroughfares, inasmuch as many of the said obstructions extend over half the width of the street, and with a few exceptions are at night unmarked by any light or other cautionary display, and are therefore an object of some danger as well as inconvenience to the traveling public. A few words from the proper official might have a salutary effect in lessening the evil if it cannot be entirely abated.

Suit for Damages.
In the superior court, to-day, Chas. A. Hayes sued Matthias Glynn for \$1,000 damages for assault and battery and false imprisonment. In the complaint the plaintiff says that on the 15th of May defendant unlawfully took hold of him in a public street, and forced him into a livery stable, and detained him over an hour, whereby he suffered great bodily and mental anguish, and greatly to the injury of his credit.

Meteorological.
Washington, May 20. Indications: For Tennessee and Ohio valley falling probably followed by rising; barometer and variable winds, followed by cooler, partly cloudy weather and occasional rains. For lower lake region, falling barometer, winds mostly from south, cloudiness and local rains, probably followed to-night by rising barometer and winds veering to west or northwest.

Ayer's Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color, with the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.
